15,000 Railway Employees in Chicago on Verge of Strike for 37c per Hour Increase—Carpenters ask \$1.00.

BOSTON, JULY 17.—(Associated Press)—Car service on the street, subway and elevated lines here and in twelve adjacent cities and towns was tied up today by a strike of 8,000 union employees of the Boston Elevated Railway System.

Thousands of workers walked from suburban homes, while scores of extra trains and added coaches on the regular trains were brought into service.

The strike was called as a protest against alleged delay on the part of the War Labor Board in announcing an award in the wage dispute between the company and the car men. The strikers demand an eight hour day and wage of 73½ cents an hour.

CHICAGO, JULY 17.—(Associated Press)—A tentative offer of an increase in wages was made today by officials of the surface and elevated street railway lines in the hope of averting a strike of 15,000 employees, who have threatened to walk out unless granted an increase of 37 cents an hour.

CESSATION OF BUILDING INDUSTRY

CHICAGO, JULY 17.—Final action by the Building Construction Employers' Association on the proposed cessation of all building industry in Chicago was expected at meeting today of representatives of all construction organizations.

"The proposed step is one of the most drastic ever taken in the labor industry of Chicago," said E. M. Craig, secretary and business manager of the association, "but we feel it is the only thing to save the building industry."

The action of the carpenters, whom employers assert broke an agreement, is the cause of the proposed plan to cease work. The carpenters demand one dollar an hour.

COLT FINDS SHANTUNG QUARREL UNWARRANTED

Republican Senator, After Conference with Wilson, Says Section Satisfactory.

Points to Influence of League on Japan.

(By Associated Press.)

Washington, July 17.—After a conference with the President today at the White House Senator Colt, republican, of Rhode Island, said he believed the Shantung settlement in the treaty "could be made much clearer than it appears to be at present."

Senator Colt said he thought the President was in a position to make a complete exposition of the Shantung situation and he indicated that some, if not all, points in discussion on this section of the treaty involved had been satisfactorily explained to him.

Senator Colt said it had been pointed out to him that Japan had made certain concessions in return for what she received and that in considering the Shantung question, the influence of the League of Nations on Japan should be remembered.

Senator Colt intimated there was a possibility the President might make a statement in regard to Shantung. He added he believed that if made the statement would be an open one and that it might even be delivered at an open session of the Senate.

WILSON TO INVITE
ALL G. O. P. SENATORS

Peace Treaty and League of Nations Discussed in Private Conferences.

Borah and Johnson May Refuse to See President.

(By Associated Press.)

Washington, July 17.—President Wilson today began conferences with republican senators for discussion of the peace treaty and the League of Nations covenant.

His first caller was Senator McCumber, of North Dakota, a supporter of the treaty and the covenant. Three other senators, Jones of Washington, Colt, Rhode Island, and Nelson of Minnesota have been invited to call at the White House during the day, but Senator Jones was out of the city.

Invitations to several more republican senators to call tomorrow have been sent by the President. It was announced. It was intimated that the President plans to invite all republican senators to the White House.

Senators Borah of Idaho and Johnson of California, two of the bitterest opponents of the League of Nations, were expected to be on the list, but there apparently was some doubt whether they would accept.

Under present plans of the President, it was not believed that he would be able to start on his trip to the Pacific coast before the end of the month.

Senator McCumber was closeted with the President for more than an hour. He declined to discuss details of his conference, saying he considered them confidential.

SHANTUNG PROVISION DANGEROUS SAYS SOLON

Sherman Declares it Poisons Treaty and Helps Japan

Says it May Make Japan a Menace to the World.

Urges Senate to Refuse Acceptance of Shantung Clause

(By Associated Press.)

Washington, July 17.—Urging the Senate to refuse acceptance of the Shantung provision in the peace treaty, Senator Sherman, republican, of Illinois, declared today that the section giving Japan control of the Shantung Peninsula "so taints and poisons the professed altruism with which the League of Nations was heralded as to brand it the superlative treachery in the history of modern times."

The provision, he said, would aid Japan in becoming "the saber rattler of the world" and strengthen her for the day when she might try, like Germany, for world empire.

In such an eventuality, he continued, and with Britain and Japan, "whose interests in the Orient are identical," the United States might well look to the safety of the Philippine Islands.

CAPITALIZATION OF NEW CONCERN FIXED AT \$35000

The J. W. Duffee Manu-
facturing Company is Or-
ganized to be Located
Here.

Production of Patent Medi-
cines and Other Products
Is Planned.

As a result of a meeting held in
this city Tuesday evening, formal or-
ganization of The J. W. Duffee Manu-
facturing Company with a capitaliza-
tion of \$35,000 was made, and within
a very short time it is planned to
open the plant in this city in the two
story brick structure opposite the
Washington Milling Company, on
South Fayette street which, it is un-
derstood, has been leased for that pur-
pose.

The new concern is to produce on a
large scale Duffee's Cough Syrup and
other patent medicines, most of which
have been manufactured on a compar-
atively small scale for many years,
and for which there has been an ever
increasing demand.

The directors of The J. W. Duffee
Manufacturing Company are: J. W.
Duffee, well known grocer of this city
F. R. Wetzel, formerly associated
with a wholesale grocery in Colum-
bus; R. P. Anderson, of Sunbury,
Ohio; Leroy Dohyns, of Hilliards,
Ohio and May M. Duffee, of this city.
The directors organized by electing
J. W. Duffee, president; R. P. Ander-
son, Vice President; May M. Duffee,
Secretary and Treasurer and F. R.
Wetzel, general manager.

It is announced that application for
a charter will be made at once and as
soon as obtained the company will
proceed at once installing equipment
and beginning the production of medi-
cines, etc. as soon thereafter as pos-
sible.

Attending the meeting Tuesday eve-
ning was H. S. Kerr, an attorney
of Columbus, who accompanied the
out-of-town members of the organiza-
tion.

Mr. Anderson, the vice president, is
a druggist and chemist of wide ex-
perience, and will devote all of his
time to the work in the local plant, it
is understood.

Mr. Dohyns, of Hilliards, is a well
known banker of that place.

The organization is the result of a
growing demand for the several pro-
ducts to be manufactured by the
company, it is explained, and the man-
ufacture is to be taken up on a real
business like basis and with compe-
tent chemists and helpers in charge.

It is expected that when the plant
is in full operation that it will em-
ploy quite a number of persons, and
it is planned to ship the products
throughout the country.

NOT TOO EARLY TO PLAN FOR FAIR

One of the best known farm publi-
cations in America in a recent issue
carries the following interesting
article regarding the county fairs:

"It is not too early in the season to
begin to prepare for the county fair
exhibits. Without any doubt there will
be more interest taken in the county
fairs this season than has been the
case for the past several years, for
the reason that our people do not now
have their minds so filled with mat-
ters concerning the war, and they do

not need to devote so much of their
time to war work. Nearly all the boys
are home, or will be soon, and the
worry over absent friends is abating.

"In ever farm home, preparation
should begin now for attending the
county fairs and for taking part in
the exhibits. The best fruits should
be canned in the best way, and these
put aside for exhibition. As the au-
tumn and fair season comes, the best
vegetables should be carefully guard-
ed and gotten ready for the fair.

"The county fair can be made a great
success if only each farm family will
do its part in making it such. Be-
sides the many valuable lessons
learned at a fair exhibit, there are
the hours of pleasant sociability
spent with friends that are not seen
every week in the year. There may
be some features of the fair that do
not appeal to the progressive farmer,
but he will find plenty of the other
kind to satisfy his ambition for good
and instructive things."

HIGH TRIBUTE PAID REV. A. W. WEST

Friends and former parishoners of
Rev. A. W. West will read with much
interest the following excerpts from
the Kentville Nova Scotia newspa-
per pertaining to his removal to Liv-
erpool N. S. and the high esteem with
which his congregation regards him.

"Sunday last was a sad occasion in
the history of the Kentville Baptist
Church, being the farewell of the

Rev. A. W. West, who has been the
beloved and faithful pastor of the
church for the past three years. Dur-
ing the residence of Mr. West and
his family in the town they have en-
deared them selves not only to the
congregation of the Baptist Church
but the entire community and their
departure is universally regretted. At
the close of a most impressive and
inspiring sermon Sunday evening, and
especially fine music by the choir,
Deacon S. S. Strong, on behalf of the
Church, presented the pastor with a
cheque, accompanied by an address
which embodied the feeling of the
Church and congregation toward the
retiring pastor and his family.

"The pastor though taken complet-
ely by surprise, thanked the church for
their gift and all the address implied
and spoke of the sadness of severing
relationships which had been of the
pleasantest, and of his regret in leav-
ing the town of Kentville, which
would ever remain one of the bright-
est spots in his memory."

CHURCH CROWDED FOR GIDDING FUNERAL

One of the largest funerals ever held in Milledgeville was that of Mr. A. R. Gidding, held in the M. P. church, Wednesday afternoon.

Long before the hour of service men, women and children crowded the church to pay farewell homage to a man universally beloved in the community and many were unable to gain entrance.

The services were most impressive, conducted by Rev. Cosby, of Marion, Ohio, formerly Milledgeville pastor.

Mr. Elden Bailey, of Jamestown, sang the hymns: "Abide With Me," "Jesus Savior Pilot Me," and "Rock of Ages."

Rev. Cosby read a most appreciative memoir written by Mr. Estel Smith, a warm personal friend, which extolled Mr. Gidding as a leader in the town, interested in everything that was for its good; one of the foremost members of the church and of the I. O. O. F. lodge; a member of the band and a genial, warm-hearted citizen and friend.

Mr. Gidding specially enjoyed fishing and spent many leisure hours at

Mr. Clate Parrett's fish pond, so that it was opportune when the memoir was followed with a brief tribute to the man as a delightful companion and lover of the out-door life.

The I. O. O. F. lodge attended the services in a body, deeply sorrowed by the loss of one of their most valued members.

The burial was made in the Plymouth-Milledgeville cemetery, the pallbearers: Messrs. Estel Smith, Elzie Culbertson, C. F. Adams, Frank Osborne, Frank Powers, and Cass Janes.

There was a wealth of beautiful flowers including designs from I. O. O. F. lodge; Alhambra Club; Milledgeville Bank; Church and Sunday School; Acton Bros.; W. H. Chamberlain & Sons.

Relatives and friends from a distance were: Mr. James Gidding, a brother, of Dayton, and Mrs. James Montgomery, a sister, of Greenfield; Mr. E. K. Patch, of Chicago; Mr. and Mrs. Charles E. Patch, and children, of Greenfield; Mr. and Mrs. Roy Cline and children, Mr. and Mrs. Hardesty of Jamestown.

FIRST MEETING OF BOY SCOUTS

On Friday evening of this week the Boy Scout troop now in the process of formation will meet at the Y. M. C. A. and the studies pertaining to the Tenderfoot examination will be taken up. It is expected that several new members will be signed up by that time and every one is urged to be present.

It is announced that one requirement will be demanded of every boy who becomes a member of the troop—each boy must be able to swim at least one hundred feet. After the study hour Friday evening the Scouts will go to the pool where they will demonstrate their ability in that line.

COMMUNITY SHOCKED BY SUDDEN DEATH

The sudden death of Bert Chaffin at his home on the Greenfield pike, shortly before four o'clock Wednesday afternoon, shocked the entire community and brought sorrow to a host of friends as well as to the home circle, so sadly broken up.

Apparently in his usual health Mr. Chaffin was in town in the morning and after dinner went out to his garden. About the middle of the afternoon he came back to the house, saying he felt ill; laid down upon a couch and before medical attention could be summoned quietly passed out into the great beyond.

Bert Chaffin had been closely identified with the neighborhood for almost twenty years, his father, Mr. J. W. Chaffin, having earlier managed the Wm. M. Campbell farm, his son assisting, and about ten years ago taking over the management. He was a fine fellow and most capable farmer, operating the farm with marked success, and as a considerate and friendly neighbor stood especially high in the esteem of those around him.

Sympathy goes out in overflowing measure to the father, J. W. Chaffin, who recently moved from his home near New Holland to be with his son and is now called to bury the last member of his family, to the only son, Carl and the wife. Mr. Chaffin was twice married, his first wife having been dead some years and during the past year he wedded Mae Cochenour, of Jeffersonville. He was a man most devoted to his home and his family.

Funeral services will be held Friday at two o'clock p. m., at the home. Burial will be made in the family lot in the Washington cemetery.

Instead of trying to kill two birds with one stone, use a shotgun.

FARM NOTES

The Use Of Limestone

INCREASES FARM YIELDS.

"Limestone properly used is a big aid to practically all farms in eastern Ohio," says Professor Joseph F. Barker of the Soils Department of the Ohio State University. According to the ten year average results of experiments at the Ohio Agricultural Experiment Station the increased value of crops due to limestone varied from \$5 to \$7.50 per acre per year. In the tests limestone was applied at the rate of approximately two tons per acre each five years in a rotation of corn, oats, wheat, and clover. The use of limestone is most effective on land that is well drained, well fertilized, and well tilled.

Dedicate Monument To a Tree

A monument will be dedicated to the first Rome Beauty apple tree when the Ohio State Horticultural Society holds its annual summer meeting at Proctorville, Lawrence County on July 23. The first Rome Beauty tree was planted 102 years ago in an orchard near Proctorville.

War On Chinch Bugs

Chinch bugs in considerable numbers have occurred in northwestern and western part of the state. The extension entomologist from the College of Agriculture and the county agricultural agents are co-operating with the United States Department of Agriculture in waging war on the pests.

A 4-page Government circular describing the pests and giving approved methods of control is being distributed in sections affected. The circular may be secured by writing to the Extension Service, Ohio State University, Columbus. The bugs are now traveling on foot from the wheat fields to the corn fields.—O. S. U. Bulletin.

A MERCILESS JUDGE

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Washington C. H. resident has withstood this sternest of all tests.

Mrs. P. P. Wigginton, 316 N. Fayette St., says, "I suffered from a constant backache and trouble with my kid-

neys. I got Doan's Kidney Pills and they cured me." (Statement given December 7, 1907).

THE RESULTS LASTED.

On August 7, 1917 Mrs. Wigginton said: "The cure Doan's Kidney Pills gave me has been permanent. I continue to praise them as highly as before."

Anti-Japanese Propaganda

It is safe to assert that the overwhelming majority of the American people are not receiving kindly the very evident anti-Japanese propaganda which is being spread over the country. The Shantung controversy which has found a place in the peace treaty furnishes a splendid vehicle for the spreading of that propaganda, which is really assuming menacing proportions.

Senator Hiram Johnson seems to have succeeded in converting a few senators to his way of thinking on the Japanese question and Johnson, with the prejudice of all Californians, is not a safe leader on such a dangerous problem.

Our soldiers are just returning victorious from the world war. The nation has been through the ordeal of war with all that it imposes and the people do not fail to view with deep concern a course of conduct on the part of some senators and some publications which will lead, unless checked, to a war with Japan.

Jingoism always dangerous, is especially so following the close of a victorious war. Some few prejudiced Pacific coast leaders, some jingo politicians and some sensational journals and space writers may desire another war, but the people do not and the people must bear the burdens, the cost and the sufferings of war.

There seems to be something else, something more sinister, something more to be feared, back of this persistent and blatant anti-Japanese propaganda, than even the radical and prejudiced utterances of Hiram Johnson and his associates in and out of the Senate. There seems to be a hidden power which is conducting such a determined campaign in America against Japan, a power which seems to reach out and use every prejudiced official and political and convert and magnify every inconsequential detail into propaganda, a swivel which gathers in the unthinking.

America has done a tremendous work for humanity, but success must not lead us into the error of undertaking to regulate every nation and correct all the evils in other lands.

The settlement of the Shantung controversy may not have been all that America desired, the Japanese government may not be conducting its affairs according to American standards or even according to the standards of humanity, but we must beware of propaganda which will lead us into another war.

We must have a care and determine, if possible, what is back of this determined agitation against Japan and against Great Britain on the Irish question.

The persistence and the vehemence of these propaganda bear suspicious indications of origin and purpose.

Creating Problems

These are days of big events, big problems and big men. There is no doubt about that. There are big questions—many of them—pressing forward for consideration. There are a great many important matters to consider, to discuss and to suggest remedies for, but even all that wealth of opportunity, it seems, does not tempt some men away from the habit of creating a commotion about trivial matters.

Many officials seem to overlook the big opportunities and seize upon the petty problems—some of the public jills discussed are wholly imaginary and the suggested remedies for them, therefore, valueless save as time consumers, and producers of dust to blind the people to the big problems.

The late Colonel James M. Kilbourne, who always insisted in his campaigns that more than half of the ills dwelt upon by public speakers were imaginary and the discussing of remedies for them more than a waste of time, was absolutely right.

If politicians and officials would confine themselves in public discussions to the real problems instead of the catch-penny creations of their imagination we would progress much farther and go along much easier than we do now.

The wisdom of the people, their ability to acquire full information and properly classify the facts is certain to put a check on this more than annoying habit some public men persist in following of making mountains out of mole hills and half the time imagining the mole hill.

POETRY FOR TODAY

UNTO THE HILLS.

They do not call
Nor beckon me; and yet
They draw me to them—mountains
tall
Upon their sure foundations of un-
sloping planes, and yet
With faces close up to the very sky.
As if they, certain of their footing in
the earth would press
Their ears against the heavens high
To hear the whispers of the Great
Eternal when
He talks to Himself, * * * In
quietness
They silently transmit His truth to
men. * * *

But only as the atmosphere
Close down to earth is clouded— or
is clear—
And only as my heart is full of
doubt—
Or pure in faith—is this, His sum-
mons fine,
Obscured—or legible with out—
Writ in the mountain's message from
the Heart Divine!

GREAT SHORTAGE OF TAXI CABS

London, June 11.—(Correspondence of the Associated Press)—There are only 3,000 taxicabs on the streets of London today as compared with 9,000 in 1914. One company owning 3,000 idle cars refuses to operate them because the government will not permit it to charge a flat rate of 25c a mile. Five hundred other cars are kept out of service by the police requirement that there shall be a clearance of ten inches between their axles and the ground.

At a hearing before a committee of Parliament this requirement was denounced as a foolish rule. It was intended to save the lives of persons who might be knocked down by taxicabs. The Parliamentary committee promised to try to have the idle cars put into use.

SOCIAL : PERSONAL MENTION : CLUBS

Cedar Hurst, becoming more and more an immensely popular picnic rendezvous, has staged on Jollier picnic than the one of Wednesday afternoon, at which Mr. Ed. Fite entertained fifty employees, their families and friends.

The large number of guests had one continuous royal good time—bathing, boating, pitching horseshoe, enjoying the beauty of the place and staying until late in the evening.

The picnic supper was pronounced the "best ever," served in cafeteria style and a regular camp menu. The big hit of the evening were the hot hamburgers fried by Mr. Fite himself and the genial host also proving his ability as a chef in making the coffee.

Mr. Fite was assisted by Mrs. Fite and Miss Miriam Fite in extending the courtesies of Cedar Hurst to his guests.

Mrs. Martin Hamm extended the hospitality of her home for the July meeting of the Woman's Missionary Society of the First Presbyterian church Wednesday afternoon.

The cool afternoon, the fragrance of flowers and the social features as delightfully conducted by Mrs. Hamm daughter, Miss Edith, and assisting hostesses, added to the pleasure of the afternoon. The assisting hostesses were Mesdames H. L. Hadley, Wm. Sprenger, Miller Minter, A. C. Henkle, B. F. Davis, Chas. Sever, E. Garner, Frank Mayer, Ione Bryant, Charles McLean, Jennie Harvey, George Fabb, F. A. White, R. R. Kibler, Green and Miss Veal.

The opening exercises, in charge of the President, Mrs. Austin F. Hopkins, included the usual business and the appointment of committees for the next year's work.

Mrs. A. J. Thompson acted as leader for the day.

Mrs. N. B. Hall gave a fine resume of the missionary work for the year and Mrs. Amy Hudson took Mrs. Persinger's place on the program in an able discussion of the home mission topic.

Misses Virginia Campbell and guests Miss Sara Stewart of Baltimore, Md. and Miss Helen Buckley of Holyoke, Mass., Misses Helen Baker and Helen McKee; Messrs. W. M. Campbell, Maynard Craig and Charles Willis went to Cedar Hurst Thursday afternoon, to be guests of Dr. Winchel Craig, Messrs. A big birthday cake and candles added to the festive appearance of the table and the affair was one of distinctive family pleasure.

The cut of town guests were Supt. Gossard's son, Mr. George Gossard Jr., and family, of Springfield and brother, Mr. J. H. Gossard of near Jeffersonville.

The girls of Miss Ethel Spray's Sunday School Class of the Christian Church had a delightful time, Wednesday morning, when Miss Spray

took them on a hike to Proctor's farm. The party started at six-thirty in the morning, and by the time they reached their destination had encouraged a good appetite, and enjoyed to the fullest extent cooking their breakfasts in the open.

With Miss Spray were: Thelma Davis, Dorothy and Gladys Lemons, Alta Gray, Thelma Shoemaker, Marjorie Culberson, Edna Dowler, Dorothy Crooks, Pauline Orihood and Mildred McCoppen, Geneva Michael.

The July meeting of the B. Y. P. U. was held at the home of Miss Ilo Olinger on the Plymouth pike, Wednesday evening, with seventeen members and six visitors in attendance.

Josephine Marie Kelly, the American girl who, according to Athens reports is to become the bride of Alexander I. King of Greece, has written to her uncle in New York, denying the rumor.

"I am extremely fond of his majesty, and he is a good companion of my own age, but there is nothing between us," she writes. Her uncle is William Hyland, owner of the Hotel Lorraine and formerly manager of the Belmont Hotel.

Miss Kelly is about twenty-five years old. She has jet black hair and ashing black eyes and is of medium height.

Her father, T. C. Kelly, a Chicago politician, died when she was very young. She lived in a convent in Chicago until she was sixteen years old, when she went abroad to study. She returned after five years.

Miss Kelly went to Greece as a member of the Red Cross Bureau of Languages in Washington. When the United States entered the war she went to Washington as a stenographer for the Red Cross, but because of her knowledge of languages she was sent abroad.

The King has received her in a formal audience, she writes, but her association has not been restricted to the throne room. His favorite hobby is motoring, and she is an expert driver of an automobile. She and the King have taken long drives together, she writes. He likes her, she says, because on such occasions she can talk on any subject, from "war to the sanitation of Athens."

In her letters Miss Kelly describes Alexander as a democratic man. His tastes are similar to hers, she writes.

Before he came to the throne, in June 1917, Alexander was known in Athens as a fearless driver of motor cars. His disregard of the "care-free young fellow of the college boy type."

MAN WHO KILLED GEORGE SLAVENS GETS LIFE TERM

In the common pleas court of Clinton county, Thursday morning Alfred Doloff, who last spring shot and killed George Slavens, B. & O. detective, of this city, was sentenced to life in the Ohio State Penitentiary, and was taken to that institution later in the day to begin the remainder of his life in the big institution.

Doloff entered a plea of guilty to second degree murder, having been indicted by the grand jury.

The young man's crime consisted of shooting the detective and wounding him so that death occurred within a few minutes, the shot being fired after the fellow, who resided in Pittsburgh, had been commanded to get off of a B. & O. train at Midland city.

The fellow, after the shooting, fled and was later arrested where he had taken refuge in a strawrick in Clinton county.

The murdered man had been in the B. & O. service only a short time.

Doloff bore the unusual distinction of being insensible to pain, suffering from that rare disease known as anaesthesia, so that a pin could be thrust into his limbs or body and he would feel no sense of pain.

Robert Cochran and Harry Reeber, two men who were with Doloff when the crime was committed and who have since been held as witnesses, were paid \$70—or \$1 per day for the time they were detained—and ordered to get out of Wilmington and stay out.

JAPS PAY DAMAGE FOR AN ASSAULT UPON MISSIONARY

(By Associated Press)
Seoul, Korea, June 10.—(By Mail)—The government of Korea has paid to the British consulate the equivalent of \$2,500 in compensation for injuries received by the Rev. John Thomas, in connection with the Korean independence movement.

Although a British subject, Mr. Thomas is representative here of the Oriental Mission Society which has its headquarters in Chicago. He was arrested at Kokei Korea, March 20 and was beaten by Japanese civilians and struck by a policeman.

In the criminal court here four Japanese civilians concerned in the attack were fined and the policeman whom Mr. Thomas charged with assault was punished by disciplinary measures.

Mr. Thomas declared that he was arrested without provocation, kicked and beaten. The police seemed to think he was an American, he said and would not allow him to substantiate his claim to British citizenship nor to show his papers. Finally at the police station the matter was arranged. The police admitted they had made a mistake and expressed their regrets.

"LONGEVITY" DEAD

Tokio, June 12.—(Correspondence of the Associated Press).—The famous horse "Longevity," which was presented by the Russian General Stoessel to General Nogi as a token of respect on the occasion of the surrender of Port Arthur in January 1905, died the other day. "Longevity's" mane has been sent to the Nogi shrine at Momoyama.

BREWERS DEALT ANOTHER BLOW IN U. S. COURT

Judge Holds Brewers Have no Right to Make Light Beer

(By Associated Press)

Philadelphia, July 17.—Judge Dickinson, in the federal court, today concurred in the recent decision of Judge Thompson of Pittsburg, involving the right of a brewing firm to make 2.75 per cent beer. Judge Dickinson qualified his decision by saying he saw no reason at this time for a formal opinion to that effect. He held that the Court could not pass in advance on a question that should properly be brought before a jury.

Permission was granted the Berner and Engel Brewing Companies to withdraw its demurrer to the government charge that it had violated the war prohibition law by making and selling beer of more than one-half per cent alcoholic content.

HUGE DEFICIT OF RAILROADS AS A WAR LOSS

(By Associated Press)

Washington, July 17.—The Railroad Administration's deficit now exceeding \$400,000,000 might as well be classed as a war loss, Chairman of the Interstate Commerce Commission today told the Interstate Commerce Committee considering the Esch bill for regulation of carriers after the period of federal control.

When the roads are returned, he said, the government should assist by lending them money at a rate not obtainable from banks.

It was obvious, he said, that the roads must be able to increase operating income by increasing rates as reduction of wages was out of the question.

In almost every section of the county the corn tasselings have been completed and but a few fields yet remain to be gone over the third time. Some of the corn is tasselings and in some instances is silking and the roasting ear stage is said to be not far distant. Although the planting this spring was unusually late, the corn has been laid by at the accustomed time.

(By Associated Press)

SWEET CORN CROP TO BE LARGE ONE

Local canning plants are making arrangements for packing a full crop of sweet corn this year, the indications being that the crop will be 100 per cent of normal.

Several thousands of acres of sweet corn will be harvested in Fayette county, the bulk of the large acreage coming to this city. A goodly portion will be packed by the plant in Jeffersonville, and still additional acreage at the New Holland plant.

The recent rains virtually insured the full crop, and packers are completing their arrangements accordingly.

BLACKBERRY JAM AT JEFFERSONVILLE

When J. O. Gahum, of Pancake Chapel killed his engine on the D. T. & I. tracks at the crossing in the southern part of Jeffersonville, late Wednesday evening, as the Grasshopper freight was bearing down upon him on the siding, the Gahum Ford was carried some 25 feet and badly damaged while several gallons of blackberries were scattered about the track.

Gahum had been in the hills near Bainbridge picking berries and was returning home when struck. Obtaining another car at the Jeffersonville Auto Company the man continued his homeward trip, minus part of his fine blackberries and leaving his automobile for new front wheels and other attention.

As frequently occurs in such accidents, the warning post at the side of the road was broken off by the wrecked car.

AMERICAN WOMEN LEAD THE WORLD

They Have Beauty, Health and Brains

"A really beautiful woman is always a healthy woman," remarked one of our noted beauty specialists, "for true beauty comes from the blood and strong, steady nerves."

Rich, red blood, the fountain of life and youth, shows itself in a clear rosy skin, solid flesh, fine form and a keen bright mind. Red-blooded women, with strong nervous vitality, are sought after by men; they are the hope and leaders of the world.

American women lead the world in health, beauty and intelligence, and their number is increasing. They have learned the value of Iron and Phosphates in keeping them in perfect condition.

"The number of weak, pale, fagged out, run down and nervous women is bound to decrease rapidly, once the power of Phosphated Iron becomes more generally known," said a leading doctor. "There is not a reason in the world why women should not be strong, happy and a joy to look upon when the remedy is at hand."

"Phosphated Iron has accomplished wonders with my patients. It has restored health, vitality, strong nerves and happiness to whole families. It's the healthy, red, iron blooded, strong, phosphated-fed, rosy men and women that enjoy life and lead in every work." Think it over!

To insure doctors and their patients, getting the genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to substitute pills or tablets. Insist on capsules.
